

Dear Friends,

Welcome to Prairie Frontier's 2012 Seed Catalog and information guide. We have developed this catalog to give you the detailed seed and cultural information you have requested. We hope you will find it easy and rewarding to either continue your wildflower garden, prairie or create a new beautiful landscape. We would be delighted to help serve your needs and look forward to bringing more nature into your lifestyle

*Thanks for your support!
Prairie Frontier*

Deb Edlhuber

Email: wildflower@prairiefrontier.com

When planting wildflowers and/or prairie grasses you are inviting habitat for wildlife, butterflies and birds. You can create a beautiful easy to maintain landscape that will return to delight you year after year. Most wildflowers actually prefer low fertility and many are drought tolerant. By planting wildflowers and/or prairie grasses you will be preserving our natural heritage and bring the best of nature into your lifestyle.

WILDFLOWERS AND PRAIRIE GRASS PLANTING TIPS

When to Plant

Wildflowers take more moisture than grasses to germinate. Once planted, seeds must remain moist to ensure a successful stand. Some seeds will germinate and bloom the first year, while others will not begin blooming until the second year.

The optimum rainfall period, severity of the winter, and the dormancy of the seed will determine the most favorable time to plant wildflowers and prairie grasses in your area. When planting in the spring, plant early when ample rainfall is anticipated. Seeds also may be planted all summer if they can be watered. When planting in fall, plant when anticipated warm weather is passed, so germination of seed is at minimum. Planting in fall will allow the seed to over winter and sprout in the spring. This over wintering also has the effect of breaking the dormancy that some of the native seeds display. There are risks to over wintering, however: Late fall rains and warm spells may allow the seed to begin germination only to be killed by the winter ground freezing. Also, the longer the seeds are on the ground, the more chance there is of them being eaten by birds and rodents. Plant wildflowers the same time as prairie grasses. Select a site that receives full-to partial sun and is well-drained.

Preparing the Bed

The main objective when preparing the seedbed is to provide optimum seed-to-soil contact and eliminate any undesirable plants or grasses. This can be accomplished two ways: chemical or tillage treatment.

Commercial herbicides are available that will eliminate the aggressive cool season sod-forming grasses. Round-up is the most popular. These grasses must be removed before planting a wildflower or prairie grass site.

Some cases of heavy sod-forming grasses it may take a season of repeated tilling. Care must be taken to completely eliminate any cool season sod-forming grasses. Prior to planting, the seedbed should be firm and free of clumps.

Sowing the Seed

A small amount of wildflower seed goes a long way. When hand broadcasting the seed, it is good to mix the seed with damp sand, saw dust, peat moss, vermiculite, etc. to help prevent clumping and to provide even distribution. Mix seed evenly into inert material. Use approx. 15 bushels of inert material per acre. Take one half of total mix and spread it across entire area. Repeat going perpendicular to first half. Rake the seed in lightly, being careful not to bury it too deeply. Seed should be planted no more than 1/16" deep. Roll the site with a roller to firm seedbed. Seed soil contact is very important. All seed will not be covered, but that is normal.

Care after Planting

All seeds need water to germinate. Plantings should be kept moist during their establishment and blooming stages, supplemental watering once a week (more often if natural rainfall is low) will help wildflowers and prairie grasses thrive and may even prolong the blooming periods of some species.

It is generally unnecessary to fertilize wildflowers and prairie grasses if they are planted in their native habitat. In fact, fertilizing may produce excessive foliage at the expense of blooms. Also fertilizing the first year may encourage more weed growth.

Weeds still need to be pulled as soon as they can be identified. Mowing also can control some weeds, but the blade must clear the height of the desired seedlings.

Once an established wildflower or prairie site exists, weeding is very minimal.

Ensure Reseeding

Wait to clear your wildflower garden or prairie site until all the species have gone to seed to allow them to reseed themselves. It may require some patience on your part, since wildflowers tend to look rather unkempt during their final stages. We recommend mowing in spring. Most wildflower and prairie grass seeds are a natural food source for wildlife throughout the winter.

Prairie Frontier Wildflower and Prairie Grass Seed Mixes

Prairie Wildflower Mix

Planting wildflowers and prairie grasses together creates a more complete prairie setting. This mix contains 70% native wildflowers and 30% prairie grasses native to the midwest. This mix needs direct sunlight each day and grows to about 3' in height. This is an excellent mix for a prairie planting.

Seed Mix: Wildflowers 70%: Black-eyed Susan (P,B,A), Purple Coneflower (P), Lance-leaved Coreopsis (P), Yellow Coneflower (P), Lupine (P), Pale Purple Coneflower (P), Partridge Pea (A), Purple Prairie Clover (P), Leadplant (P), Dense Blazingstar (P), False Sunflower (P), Rattlesnake Master (P), Hoary Vervain (P), Wild Bergamot (P), Spiderwort (P), Nodding Pink Onion (P), Butterfly Plant (P), New England Aster (P), Foxglove Beardtongue (P), Dotted Mint (B) **Prairie Grasses 30%:** Little Bluestem (P), Side Oats Grama (P)

Available in: 1- Ounce. covers 250 sq. ft. **\$ 14.99 (#2017)**
1/4 Lb. covers 1,090 sq. ft. **\$ 49.99 (#3043)**
1/2 Lb. covers 2,180 sq. ft. **\$ 79.99 (#4018)**
1 Lb. covers 4,356 sq. ft. (10 Lbs. per acre) **\$ 119.99 (#2019)**

Short Prairie Grass with Wildflowers

Enjoy nature's beauty with this blend of short native grasses and wildflowers while establishing your prairie. This mix provides an outstanding display of color from spring into fall with 20 different wildflowers and 2 prairie grasses.

Seed Mix: Wildflowers 50%: Purple Coneflower (P), Black-eyed Susan (P,B,A), Lupine (P), Lance-leaved Coreopsis (P), Purple Prairie Clover (P), Canada Milk Vetch (P), Round-headed Bush Clover (P), Leadplant (P), Partridge Pea (A), Pale Purple Coneflower (P), Hoary Vervain (P), Rattlesnake Master (P), White Prairie Clover (P), Dense Blazingstar (P), Nodding Pink Onion (P), Spiderwort (P), Large-Flowered Beardtongue (P), Foxglove Beardtongue (P), Smooth Blue Aster (P), Butterfly Plant (P) **Prairie Grasses 50%:** Little Bluestem (P), Side Oats Grama (P)

Available in: 1- Ounce. covers 250 sq. ft. **\$ 14.99 (#2051)**
1/4 Lb. covers 1,090 sq. ft. **\$ 49.99 (#3051)**
1/2 Lb. covers 2,180 sq. ft. **\$ 79.99 (#4071)**
1 Lb. covers 4,356 sq. ft. (10 Lbs. per acre) **\$ 119.99 (#4072)**

Tall Prairie Grass with Wildflowers

This prairie mix consists of mostly tall wildflowers and the taller prairie grasses. The breathtaking color display will last from spring until fall with the warm season prairie grasses ending the blooming season. The mix contains 19 wildflowers and 5 prairie grasses.

Seed Mix: Wildflowers 50%: Purple Coneflower (P), Black-eyed Susan (P,B,A), Yellow Coneflower (P), Lupine (P), Lance-leaved Coreopsis (P), Purple Prairie Clover (P), Canada Milk Vetch (P), Pale Purple Coneflower (P), Rattlesnake Master (P), False Sunflower (P), Dense Blazingstar (P), White Prairie Clover (P), Cup Plant (P), Wild Bergamot (P), Wild White Indigo (P), New England Aster (P), Butterfly Plant (P), Stiff Goldenrod (P), Foxglove Beardtongue (P) **Prairie Grasses 50%:** Big Bluestem (P), Little Bluestem (P), Side Oats Grama (P), Switch Grass (P), Indian Grass (P)

Available in: 1- Ounce. covers 250 sq. ft. **\$ 14.99 (#2052)**
1/4 Lb. covers 1,090 sq. ft. **\$ 49.99 (#3052)**
1/2 Lb. covers 2,180 sq. ft. **\$ 79.99 (#4075)**
1 Lb. covers 4,356 sq. ft. (10 Lbs. per acre) **\$ 119.99 (#4076)**

Prairie Frontier Wildflower and Prairie Grass Seed Mixes

Supreme Wildflower - Prairie Grass Mix

A superb mix for establishing a prairie! This mix contains 20 different native wildflowers and 2 native prairie grasses. In addition to the short and tall wildflowers, an annual mix for quick color and cover crop has been added. An outstanding mix.

Seed Mix: Wildflowers Perennials 60%: Lance-leaved Coreopsis (P), Black-eyed Susan (P,B,A), Lupine (P), Purple Coneflower (P), Yellow Coneflower (P), Canada Milk Vetch (P), Pale Purple Coneflower (P), Purple Prairie Clover (P), Spiderwort (P), White Prairie Clover (P), Dense Blazingstar (P), Hoary Vervain (P), New England Aster (P), False Sunflower (P), Round-headed Bush Clover (P), Rattlesnake Master (P), Dotted Mint (B), Foxglove Beardtongue (P), Wild Bergamot (P), Butterfly Plant (P), **Prairie Grasses, Perennials 20%:** Little Bluestem (P), Side Oats Grama Grass (P), **Wildflowers, Annuals 20%:** Cornflower, Dwarf Mixed (A), Annual Baby's Breath (A), Scarlet Flax (A), Shirley Poppy (A), Plains Coreopsis (A)

Available in: 1- Ounce covers 250 sq. ft. **\$ 13.99 (#2042)**
1/4 Lb. covers 1,090 sq. ft. **\$ 32.99 (#3042)**
1/2 Lb. covers 2,178 sq. ft. **\$ 59.99 (#6059)**
1 Lb. covers 4,356 sq. ft. (10 Lbs. per acre) **\$ 99.99 (#6062)**

Native Meadow Mix

A native wildflower and prairie grass mix designed for damp to wet soils but can also do well in dry times as well. The mix contains 16 different wildflowers, 2 prairie grasses and 1 sedge. A quality mix that reaches an average height of 3'- 6'.

Seed Mix: Wildflowers 60%: Black-eyed Susan (P,B,A), False Sunflower (P), Purple Coneflower (P), New England Aster (P), Yellow Coneflower (P), Dense Blazingstar (P), Sweet Black-eyed Susan (P), Ironweed (P), Swamp Milkweed (P), Blue Vervain (P), Purple Prairie Clover (P), Wild Bergamot (P), Great Blue Lobelia (P), Culver's Root (P), Smooth Blue Aster (P), Wild White Indigo (P) **Prairie Grasses and Sedge 40%:** Virginia Wild Rye (P), Canada Wild Rye (P), Fox Sedge (P)

Available in: 1- Ounce covers 225 sq. ft. **\$ 14.99 (#2070)**
1/4 Lb. covers 900 sq. ft. **\$49.99 (#6070)**
1/2 Lb. covers 1,800 sq. ft. **\$79.99 (#6071)**
1 Lb. covers 3,600 sq. ft. (12 Lbs. per acre) **\$134.99 (#6072)**

Native Woodland Edge Mix

These selected native wildflowers and prairie grasses should do well in open woodlands and forest edges that receive just a few hours of direct sunlight each day. The mix contains 20 different wildflowers and 5 different prairie grasses. A mix that will do well in slightly moist to dry conditions once established and reach an average height of 3'- 6'.

Seed Mix: Wildflowers 50%: Purple Coneflower (P), Black-eyed Susan (P,B,A), Lupine (P), Yellow Coneflower (P), Spiderwort (P), False Sunflower (P), Pale Purple Coneflower (P), Foxglove Beardtongue (P), Lavender Hyssop (P), Nodding Pink Onion (P), Branched Coneflower (B), Wild Bergamot (P), Golden Alexander (P), Wild Columbine (P), Ironweed, Common (P), New England Aster (P), Arrow-leaved Aster (P), Sweet Joe Pye Weed (P), Solomon's Seal (P), Cardinal Flower (P) **Prairie Grasses 50%:** Virginia Wild Rye (P), Canada Wild Rye (P), Indian Grass (P), Big Bluestem (P), Bottle Brush Grass (P)

Available in: 1- Ounce covers 225 sq. ft. **\$14.99 (#5104)**
1/4 Lb. covers 900 sq. ft. **\$ 49.99 (#5124)**
1/2 Lb. covers 1,800 sq. ft. **\$ 79.99 (# 5144)**
1 Lb. covers 3,600 sq. ft. (12 Lbs. per acre) **\$134.99 (#5164)**

Prairie Frontier Wildflower Seed Mixes

Butterfly Meadow Mix

Here is a mix that will give you a natural looking butterfly garden consisting of native wildflowers and prairie grasses. This mix contains 18 US native wildflowers reaching a height of 2'-4' and the short prairie grass Little Bluestem reaching a height of 2'-3'. It will bring an abundance of butterflies and birds to your yard summer into fall and will be a food source for song birds in the winter.

Seed Mix: Wildflowers 50%: Purple Coneflower (P), Lance-leaved Coreopsis (P), Black-eyed Susan (P,B,A), Lupine (P), Purple Prairie Clover (P), Yellow Coneflower (P), Indian Blanket (A), Dense Blazingstar, (P), False Sunflower (P), Plains Coreopsis (A), Pale Purple Coneflower (P), Hoary Vervain (P), Stiff Goldenrod (P), Foxglove Beardtongue (P), Narrow Leaf Coneflower (P), Lavender Hyssop (P), Butterfly Plant (P), Wild Bergamot (P) **Prairie Grass 50%:** Little Bluestem (P)

Available in: 1- Ounce covers 275 sq. ft. **\$ 14.99 (# 5101)**
1/4 Lb. covers 1,080 sq. ft. **\$ 49.99 (# 5121)**
1/2 Lb. covers 2,178 sq. ft. **\$ 79.99 (# 5141)**
1 Lb. covers 4,356 sq. ft. (10 Lbs. per acre) **\$119.99 (# 5161)**

Butterfly Garden Mix

This mix contains 14 US native and naturalized, perennials and annuals that will help attract butterflies with their beauty to your yard. The annuals will bring quick color in your planting the first year and help stop erosion. The best times to plant this mix is spring, early summer or late fall.

Seed Mix: Lupine (P), Lance-leaved Coreopsis (P), Black-eyed Susan (P,B,A), Cornflower, Dwarf Mixed (A), Purple Coneflower (P), Calendula (A), Shasta Daisy (P), Blanket Flower (P), Wallflower (P), Candytuft (A), Red Plains Coreopsis 'Dwarf' (A), Sweet Alyssum (A), Butterfly Plant (P), Prairie Aster (A)

Available in: 1- Ounce covers 310 sq. ft. **\$ 12.99 (# 5102)**
1/4 Lb. covers 1,240 sq. ft. **\$ 24.99 (# 5122)**
1/2 Lb. covers 2,475 sq. ft. **\$ 39.99 (# 5142)**
1 Lb. covers 4,950 sq. ft. (9 Lbs. per acre) **\$ 69.99 (# 5162)**

Butterfly and Bird Mix

This mix has been specially formulated to attract a variety of butterflies and birds to your gardening area. The 18 species will vary with the time of day and season. The combination of brilliantly flowering plants with the spectacular array of butterflies is delightful to watch and can be educational as well as entertaining. It is intended for use in a sunny area and grows to about 3' in height. Non hardy, naturalized annuals have been added to this mix for quick color and weed control during the first year. The perennials in this mix are native to North America.

Seed Mix: Purple Coneflower (P), Black-eyed Susan (P,B,A), Lupine (P), Lance-leaved Coreopsis (P), Cornflower, Dwarf Mixed (A), Blue Flax (P), Purple Prairie Clover (P), Canada Milk Vetch (P), Cornflower, 'Jubilee Gem' (A), Foxglove Beardtongue (P), Shirley Poppy (A), Plains Coreopsis (A), Blanket Flower, (P), Dense Blazingstar (P), Hoary Vervain (P), Lemon Mint (P), Butterfly Plant (P), Wild Columbine (P)

Available in: 1- Ounce covers 350 sq. ft. **\$ 14.99 (#2016)**
1/4 Lb. covers 1,400 sq. ft. **\$ 24.99 (#3044)**
1/2 Lb. covers 2,800 sq. ft. **\$ 39.99 (#4055)**
1 Lb. covers 5,600 sq. ft. (8 Lbs. per acre) **\$ 69.99 (#6063)**

Prairie Frontier Wildflower Seed Mixes

Perennial Wildflower Mix

The 15 beautifully selected wildflowers in this mix are mostly native perennials to the midwest. The majority of these perennials are slower growing and do not usually bloom until the second year. The Perennial mix is intended for use in a sunny area and grows to about 3' in height.

Seed Mix: Black-eyed Susan (P,B,A), Lupine (P), Purple Coneflower (P), Lance-leaved Coreopsis (P), Yellow Coneflower (P), Purple Prairie Clover (P), Blue Flax (P), Pale Purple Coneflower (P), Shasta Daisy (P), Mexican Red Hat (P), Blanket Flower (P), Foxglove Beardtongue (P), Yellow Prairie Coneflower (P), White Prairie Clover (P), Dense Blazingstar (P)

Available in: 1- Ounce covers 350 sq. ft. **\$ 12.99 (# 2013)**
1/4 Lb. covers 1,400 sq. ft. **\$ 24.99 (#3040)**
1/2 Lb. covers 2,800 sq. ft. **\$ 39.99 (# 4040)**
1 Lb. covers 5,600 sq. ft. (8 Lbs. per acre) **\$ 69.99 (# 6050)**

Sun Mix

This mix provides a showy cluster of 20 different native and naturalized wildflowers for a sunny area. The quickly establishing annuals will help head off the weeds while the hardy perennials, which germinate more slowly, become established. These flowers will grow to a height of about 3'.

Seed Mix: Lance-leaved Coreopsis (P), Black-eyed Susan (P,B,A), Purple Prairie Clover (P), Lupine (P), Purple Coneflower (P), Cornflower, Mixed (A), Annual Baby's Breath (A), Shasta Daisy (P), Blue Flax (P), Scarlet Flax (A), Evening Primrose (B), Yellow Prairie Coneflower (P), Partridge Pea (A), Plains Coreopsis (A), Toadflax (A), Shirley Poppy (A), Catchfly (A), Calendula (A), Mexican Red Hat (P), Indian Blanket (A)

Available in: 1- Ounce covers 390 sq. ft. **\$ 10.99 (# 2010)**
1/4 Lb. covers 1,560 sq. ft. **\$ 19.99 (#3046)**
1/2 Lb. covers 3,120 sq. ft. **\$ 32.99 (# 4054)**
1 Lb. covers 6,240 sq. ft. (7 Lbs. per acre) **\$49.99 (# 6061)**

Partial Shade Mix

This brilliant display of hardy perennials will add color and wildlife to any garden. The Partial Shade Mix needs at least 4 hours of direct sunlight each day. It contains 16 different perennials and annuals. The annuals will provide quick color and help head off weeds while the hardy perennials become established. Mix grows to a height of about 3'.

Seed Mix: Lance-leaved Coreopsis (P), Black-eyed Susan (P,B,A), Cornflower, Dwarf Mixed (A), Annual Baby's Breath (A), Chinese Forget-Me-Not (A), Purple Coneflower (P), Shasta Daisy (P), Wallflower (P), Catchfly (A), Shirley Poppy (A), Baby Blue Eyes (A), Foxglove (B), Toadflax (A), Mountain Garland (A), Sweet Alyssum (A), Johnny-Jump-Up (A)

Available in: 1- Ounce covers 380 sq. ft. **\$ 12.99 (# 2012)**
1/4 Lb. covers 1,520 sq. ft. **\$ 19.99 (#3045)**
1/2 Lb. covers 3,040 sq. ft. **\$ 32.99 (# 4053)**
1 Lb. covers 6,080 sq. ft. (7 Lbs. per acre) **\$ 49.99 (# 6060)**

Prairie Frontier Wildflower and Prairie Grass Seed Mixes

Septic Prairie Meadow Mix

The Septic Prairie Meadow Mix is a special blend of 13 Native Wildflowers and 3 Prairie Grasses that will grow well in most sand and gravel conditions, which is what most septic fields are made of. The Wisconsin Department of Natural Resources actually encourages the use of these native plants which have shown not to interfere with septic system pipes. These plants will commonly take up nutrients instead of entering ground water tables. This mix consists of 50% wildflowers and 50% short prairie grasses and reaches a height of 3'-4'. A mix that has been supported by our customer demands! This mix will also attract butterflies and birds, for your backyard enjoyment.

Seed Mix: Wildflowers 50%: Purple Coneflower (P), Lance-leaved Coreopsis (P), Black-eyed Susan (P,B,A), Lupine (P), Purple Prairie Clover (P), Spiderwort (P), Dense Blazingstar (P), Hoary Vervain (P), Canada Milk Vetch (P), Stiff Goldenrod (P), Foxglove Beardtongue (P), Large Flowered Beardtongue, (P), Smooth Blue Aster (P) Prairie Grasses 50%: Little Bluestem (P), Side Oats Grama (P), Prairie Dropseed (P)

Available in: 1- Ounce covers 275 sq. ft. \$ 14.99 (# 5103)
1/4 Lb. covers 1,080 sq. ft. \$ 49.99 (# 5123)
1/2 Lb. covers 2,160 sq. ft. \$ 79.99 (# 5143)
1 Lb. covers 4,320 sq. ft. (10 Lbs. per acre) \$ 129.99 (# 5163)

Rain Garden Mix

A Rain Garden is a shallow depression designed to intentionally collect rain from surfaces such as roofs, driveways, slopes, and parking areas. While some water will evaporate, the rest is left to soak into the ground. A Rain Garden allows that water to be filtered naturally by plants, bacteria, and soils as it seeps underground. There are many different ways to create Rain Gardens. Without knowing exact moisture conditions or weather patterns, Prairie Frontier recommends the general Rain Garden Mix. Unstable weather may bring heavy rainfall one day and drought conditions for two subsequent weeks or something else entirely. However, the general Rain Garden Mix will encompass all these possibilities. The Rain Garden Mix consists of native plants for a variety of wet and dry conditions. Once established, this combination of plants will be able to endure even the most extreme weather patterns, from droughts to downpours. At that time, adding new plants and moving or trimming existing plants can further personalize the garden. In order to increase wildlife around the Rain Garden, add birdhouses, rocks, or old stumps. Doing so will attract birds and butterflies by providing a source of food for them, while naturally filtering runoffs in your yard. This mix grows to about 3'-4' in height and contains 19 different native wildflowers and 7 different native prairie grasses and sedge.

Seed Mix: Wildflowers 20%: Purple Coneflower (P), Black-eyed Susan (P,B,A), Yellow Coneflower (P), False Sunflower (P), Dense Blazingstar (P), Foxglove Beardtongue (P), Blue Vervain (P), Swamp Milkweed (P), Nodding Pink Onion (P), Golden Alexander (P), Wild Bergamot (P), New England Aster (P), Sweet Black-eyed Susan (P), Common Ironweed (P), Smooth Blue Aster (P), Butterfly Milkweed (P), Joe Pye Weed (P), Great Blue Lobelia (P), Culver's Root (P) Prairie Grasses and Sedge 80%: Little Bluestem (P), Big Bluestem (P), Indian Grass (P), Switch Grass (P), Virginia Wild Rye (P), Bottle Brush Grass (P), Fox Sedge (P)

Available in: 1- Ounce covers 275 sq. ft. \$ 12.99 (# 5108)
1/4 Lb. covers 1,100 sq. ft. \$ 24.99 (# 5128)
1/2 Lb. covers 2,200 sq. ft. \$ 39.99 (# 5148)
1 Lb. covers 4,400 sq. ft. (10 Lbs. per acre) \$ 69.99 (# 5168)

Prairie Frontier Wildflower and Prairie Grass Seed Mixes

Wildlife Mix

Here is a native mix that will attract deer, turkey, pheasants, and quail just to name a few. The 4 native prairie grasses and 7 native wildflowers will provide cover for nesting areas. Mixed stands provide a diversity of seeds and insect populations for both young and adult birds. This mix will not only be a food source for song birds, but also will attract butterflies. Plant in early spring, summer, or late fall in light to medium soils in full sun. The Wildlife Mix reaches a height of 2' - 6'. A great Mix!

Seed Mix: Wildflowers 20%: Purple Prairie Clover (P), Yellow Coneflower (P), Partridge Pea (A), Black-eyed Susan (P,B,A), Purple Coneflower (P), Pale Purple Coneflower (P), False Sunflower (P), Prairie Grasses 80%: Big Bluestem (P), Indian Grass (P), Little Bluestem (P), Switch Grass (P)

Available in: 1- Ounce covers 315 sq. ft. \$ 10.99 (# 5106)
1/4 Lb. covers 1,250 sq. ft. \$ 19.99 (# 5126)
1/2 Lb. covers 2,500 sq. ft. \$ 32.99 (# 5146)
1 Lb. covers 5,000 sq. ft. (9 Lbs. per acre) \$ 49.99 (# 5166)

Detention Basin Mix

A mix designed for runoff detention basins. This mix contains species designed to tolerate fluctuating water levels along with poor water quality. Chosen species will do well in damp soils but can also tolerate dry spells in the summer months when normal rain fall conditions do not occur. This mix will also attract birds and butterflies during its blooming periods, summer thru fall and provide birds with a food source during the fall and winter months. This mix grows to about 3'-5' in height and contains 21 different native wildflowers and 6 different native prairie grasses and sedge.

Seed Mix: Wildflowers 20%: New England Aster (P), Wild Bergamot (P), Swamp Milkweed (P), Yellow Coneflower (P), False Sunflower (P), Black-eyed Susan (P,B,A), Blue Vervain (P), Dense Blazingstar (P), Foxglove Beardtongue (P), Sweet Black-eyed Susan (P), Cup Plant (P), Common Ironweed (P), Compass Plant (P), Nodding Onion (P), Branched Coneflower (B), Golden Alexander (P), Joe Pye, Sweet (P), Culver's Root (P), Stiff Goldenrod (P), Sneezeweed (P), Great Blue Lobelia (P) Prairie Grasses and Sedge 80%: Virginia Wild Rye (P), Canada Wild Rye (P), Big Bluestem (P), Indian Grass (P), Switch Grass (P), Fox Sedge (P)

Available in: 1- Ounce covers 375 sq. ft. \$ 12.99 (# 5107)
1/4 Lb. covers 1,500 sq. ft. \$ 24.99 (# 5127)
1/2 Lb. covers 3,000 sq. ft. \$ 39.99 (# 5147)
1 Lb. covers 6,000 sq. ft. (8 Lbs. per acre) \$ 69.99 (# 5167)

Prairie Frontier Wildflower Seed Mixes

Low Growing Wildflower Mix

This low growing mix will provide a beautiful display of color while using low growing wildflowers that reach a height of 8" - 18". It consists of 7 perennials, 6 annuals and 1 biennial that require full sun most of the day.

Seed Mix: Dwarf Lance-leaved Coreopsis (P), Cornflower "Polka Dot" Mixed, Dwarf (A), Calendula, Pacific Beauty (A), Wallflower (P), Annual Baby's Breath (A), Dwarf Plains Coreopsis Bicolor (A), Catchfly (A), Cornflower 'Jubilee Gem', Dwarf (A), Sweet William Pinks (B), Showy Evening Primrose (A/P), Golden Tuft (P), Dwarf Columbine (P), Shasta Daisy Dwarf (P), Iceland Poppy (A/P).

Available in: 1- Ounce covers 450 sq. ft. **\$ 14.99 (# 2018)**
1/4 Lb. covers 1,800 sq. ft. **\$ 24.99 (# 3041)**
1/2 Lb. covers 3,600 sq. ft. **\$ 39.99 (# 4042)**
1 Lb. covers 7,200 sq. ft. (6 Lbs. per acre) **\$ 69.99 (# 6052)**

Annual Wildflower Mix

Landscapers and gardeners desire growth and color the first year while their wildflower perennials and biennials are getting established. To provide that showy display of color we are providing this annual mix that can be used by itself or in combination with slower starting wildflowers. This mix grows to about 3' in height and contains 20 different annuals.

Seed Mix: Chinese Forget-Me-Not (A), Scarlet Flax (A), Larkspur Giant Imperial Mixture (A), Indian Blanket (A), Annual Candytuft (A), Cornflower "Polka Dot" Mixed, Dwarf (A), Scarlet Sage (A), California Poppy (A), Annual Baby's Breath (A), California Blue Bell (A), Lemon Mint (A), Bird's Eyes (A), Farewell-to-Spring/Godetia (A), Plains Coreopsis (A), Calendula, Pacific Beauty (A), Mountain Garland (A), Shirley Poppy (A), Sweet Alyssum (A) Baby Blue Eyes (A) Red Plains Coreopsis, Dwarf (A).

Note: Some reseeding may occur with annuals.

Available in: 1- Ounce covers 375 sq. ft. **\$ 10.99 (# 2011)**
1/4 Lb. covers 1,500 sq. ft. **\$ 19.99 (# 3047)**
1/2 Lb. covers 3,000 sq. ft. **\$ 34.99 (# 4041)**
1 Lb. covers 6,000 sq. ft. (7 Lbs per. acre) **\$ 59.99 (#6051)**

Prairie Frontier - Wildflower Cover Crop Mix

A unique wildflower mix that can be added to any mix of wildflowers or prairie grasses. Its quick germinating species adds blooms in 6 weeks under ideal growing conditions, it also offers erosion control, and helps fight off weeds because of their rapid growth. These annuals should only persist in the first 2 or 3 years when planted in the midwest region. An excellent choice of flowers while your more slow growing perennial species of wildflowers and/or grasses are being established. This annual mix contains: Cornflower, Annual Baby's Breath, Scarlet Flax, Shirley Poppy, and Plains Coreopsis. Planting rate: add 2 Ounces per 4,000 sq. ft. or 2 Ounces per 1 pound of mix.

Available in: 1- Ounce **\$ 6.99 (# 5105)** 1/4 Lb. **\$ 14.99 (# 5125)**
1/2 Lb. **\$ 24.99 (# 5145)** 1 Lb. **\$ 34.99 (# 5165)**

Prairie Frontier Garden Samplers

Create your own garden from a collection of individually packed wildflowers and/or prairie grasses. Each sampler contains different packets. The following samplers are available with packet amounts.

Woodland Garden (12) **\$14.99 (# S7701)** Butterfly Garden (8) **\$9.99 (# S7702)**
Short Prairie Wildflowers (12) **\$14.99 (# S7703)** Tall Prairie Wildflowers (12) **\$14.99 (# S7704)**
Prairie Grasses (10) **\$11.99 (# S7705)** Milkweed Sampler (7) **\$8.49 (# S7706)**

Prairie Frontier Prairie Grass Mixes

Prairie Frontier has 5 native prairie grass mixes available. The Short Prairie Grass Mix contains 2 species reaching a height of 2' - 3'. The Short Prairie Grass Mix Plus contains 5 species reaching a height of 2' - 3'. The Prairie Grass Mix contains 5 species reaching heights of 2' - 6'. The Tall Prairie Grass Mix contains 3 species reaching heights of 5' - 6'. Wetland Detention Mix contains 10 species, used in full sun and moist or saturated soils. Flood tolerant will do well in dry conditions 2'-6'. By planting these prairie grasses you can bring back some of what the prairie looked like years ago. The prairie grasses also can provide food and shelter for birds and wildlife and many butterfly larvae use prairie grasses as a food source. Most prairie grasses grow in compact clumps and have incredible root systems. Switch Grass roots can reach 12 feet below the ground with Big Bluestem and Indian Grass going down almost as far. When established, prairie grasses are drought tolerant.

Short Prairie Grass Mix

Seed Mix: Little Bluestem (P), Side Oats Grama (P)

Available in: 1 Oz covers 150 sq. ft. \$ **4.99 (#2048)**
1/4 Lb. covers 600 sq. ft. \$ **8.99 (#3048)**
1/2 Lb. covers 1200 sq. ft. \$ **14.99 (#4058)**
1 Lb. covers 2400 sq. ft. (18 Lbs per. acre) \$ **24.99 (#4060)**

Short Prairie Grass Mix Plus

Seed Mix: Little Bluestem (P), Side Oats Grama (P), Blue Grama (P),
Prairie June Grass (P), Prairie Dropseed (P)

Available in: 1 Oz covers 185 sq. ft. \$ **5.99 (#2064)**
1/4 Lb. covers 750 sq. ft. \$ **10.99 (#3064)**
1/2 Lb. covers 1500 sq. ft. \$ **16.99 (#4064)**
1 Lb. covers 3000 sq. ft. (15 Lbs per. acre) \$ **29.99 (#6064)**

Prairie Grass Mix

Seed Mix: Big Bluestem (P), Little Bluestem (P), Side Oats Grama (P),
Switch Grass (P), Indian Grass (P)

Available in: 1 Oz covers 150 sq. ft. \$ **4.99 (#2049)**
1/4 Lb. covers 600 sq. ft. \$ **8.99 (#3049)**
1/2 Lb. covers 1200 sq. ft. \$ **14.99 (#4059)**
1 Lb. covers 2400 sq. ft. (18 Lbs per. acre) \$ **24.99 (#4061)**

Tall Prairie Grass Mix

Seed Mix: Big Bluestem (P), Switch Grass (P), Indian Grass (P)

Available in: 1 Oz covers 150 sq. ft. \$ **3.99 (#2065)**
1/4 Lb. covers 600 sq. ft. \$ **6.99 (#3065)**
1/2 Lb. covers 1200 sq. ft. \$ **12.99 (#4065)**
1 Lb. covers 2400 sq. ft. (18 Lbs per. acre) \$ **21.99 (#6065)**

Wetland Detention Mix

Seed Mix: Virginia Wild Rye (P), Canada Wild Rye (P), Indian Grass (P),
Switch Grass (P), Big Bluestem (P), Prairie Cord Grass (P), Fox Sedge (P),
Dark Green Bulrush (P), Bottlebrush Sedge (P), Wool Grass (P)

Available in: 1 Oz covers 150 sq. ft. \$ **4.99 (#2066)**
1/4 Lb. covers 600 sq. ft. \$ **8.99 (#3066)**
1/2 Lb. covers 1200 sq. ft. \$ **14.99 (#4066)**
1 Lb. covers 2400 sq. ft. (18 Lbs per. acre) \$ **24.99 (#6066)**

Native Regional and Standard Regional Wildflower Seed Mixes

These mixes have been formulated to meet conditions such as rainfall, temperature, elevation and soil types found from region to region across the US. Due to the constant changing of species in each regional mix, please check the prairiefrontier.com website for current species. Listed below are the mixes and their planting range: **Special Note:** Mixes suitable for the most of the US, except southern Texas and southern Florida, and high elevation areas, are on previous pages in this catalog.

Native Regional Mixes

Southeast Native Mix: *US* Alabama, Arkansas, northern Florida, Georgia, Louisiana, Mississippi, North Carolina, eastern Oklahoma, Tennessee, eastern Texas, South Carolina. (1 lb. covers 2,420 sq.ft.)

#5000 1-Ounce \$10.99, #5020 1/4 lb. \$19.99, #5040 1/2 lb. \$34.99, #5060 1 lb. 59.99

Northeast Native Mix: *US* Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, Washington D.C., West Virginia.

Canada: Maritime Provinces, Newfoundland, Quebec. (1 lb. covers 3,960 sq.ft.)

#5002 1-Ounce \$10.99, #5022 1/4 lb. \$19.99, #5042 1/2 lb. \$34.99, #5062 1 lb. 59.99

Western High Plains Native Mix: (Below 7,000 ft.) *US* areas from the Dakotas west to the Rocky Mountains. (1 lb. covers 2,750 sq.ft.)

#5004 1-Ounce \$10.99, #5024 1/4 lb. \$19.99, #5044 1/2 lb. \$39.99, #5064 1 lb. 69.99

Western Intermountain Native Mix: (Below 7,000 ft.) *US* areas between the Rocky Mountains and the Cascades-also known as the Great Basin Area. (1 lb. covers 4000 sq.ft.)

#5008 1-Ounce \$10.99, #5028 1/4 lb. \$19.99, #5048 1/2 lb. \$39.99, #5068 1 lb. 69.99

Southwest Native Mix: (Below 7,000 and 8,000 ft.) *US* Arizona, southern California, southern Nevada, New Mexico. (1 lb. covers 3,630 sq.ft.)

#5001 1-Ounce \$10.99, #5021 1/4 lb. \$19.99, #5041 1/2 lb. \$34.99, #5061 1 lb. 59.99

Mountain Native Mix: (Above 7,000 ft.) Elevations above 7,000 ft. in western continental U.S. and southern Alberta. All elevations in western and southern Alaska, northern Alberta, eastern British Columbia, northern Manitoba, and northern Saskatchewan. (1 lb. covers 5,445 sq.ft.)

#5005 1-Ounce \$10.99, #5025 1/4 lb. \$19.99, #5045 1/2 lb. \$34.99, #5065 1 lb. 59.99

Northwest Native Mix: (Below 7,000 and 8,000 ft.) *US* northern California, western Oregon, western Washington. **Canada:** coast of British Columbia. (1 lb. covers 3,110 sq.ft.)

#5003 1-Ounce \$10.99, #5023 1/4 lb. \$19.99, #5043 1/2 lb. \$34.99, #5063 1 lb. 59.99

Texas/Oklahoma Native Mix: Texas except southern tip and extreme eastern part, Oklahoma except extreme eastern part. (1 lb. covers 2,900 sq.ft.)

#5006 1-Ounce \$10.99, #5026 1/4 lb. \$19.99, #5046 1/2 lb. \$34.99, #5066 1 lb. 59.99

Standard Regional Mixes

Southeast Regional Mix: (Same range as Southeast Native) (1 lb. covers 2,750 sq.ft.)

#5010 1-Ounce \$9.99, #5030 1/4 lb. \$17.99, #5050 1/2 lb. \$28.99, #5070 1 lb. 49.99

Western Regional Mix : (Below 7,000 ft.) *US* Colorado, Idaho, western Kansas, Montana, western Nebraska, northern Nevada, North Dakota, eastern Oregon, South Dakota, Utah, eastern Washington, Wyoming **Canada:** southern Alberta, southern Saskatchewan. (1 lb. covers 3,360 sq.ft.)

#5014 1-Ounce \$9.99, #5034 1/4 lb. \$17.99, #5054 1/2 lb. \$28.99, #5074 1 lb. 49.99

Southwest Regional Mix: (Same range as Southwest Native) (1 lb. covers 4,400 sq.ft.)

#5011 1-Ounce \$9.99, #5031 1/4 lb. \$17.99, #5051 1/2 lb. \$28.99, #5071 1 lb. 49.99
